This index contains the titles of the songs taught in the weekly Broadcasts to Schools singing lessons during 1943-1979.

Initially the programmes were directed to Standard 4—Form 2 classes, and over many years two annual booklets were published to support them. The teachers' copies contained full accompaniments and the pupils' books contained words and melody lines only. In 1954 a second weekly programme for Standards 1-3 was introduced, in which the song books contained words and melody lines. Teaching charts were also supplied for several years.

It should be noted that—

- (a) references are to teachers' books wherever possible;
 - (b) no songbooks were published for Term 3, 1976, and Term 1, 1977. As a consequence, the songs used in the broadcasts were included in the Teachers' Notes "B" and "C" respectively.
